

### Specification for Pressure Transmitter (Vacuum)

Type	Fixed range 2 -wire Vacuum Pressure Transmitter
Power Supply	18-30 V DC
Application	Vacuum measurement in pipeline
Measuring Range	0 to (-)760 mm Hg
Accuracy	± 0.25% of span
Output	4 to 20mA
Adjustable Zero/Span	± 10% using potentiometer inside the instrument
End Connection	½" NPT
Material of Housing	Stainless Steel
Material Wetted Part	Stainless Steel
Measuring Cell filling	Silicone Oil
Degree of Protection	IP 65
Operating Temperature	5 to 50 Deg. C
Media temperature	Maximum: 50 deg. C
Cable connection	Through glanded detachable connector (Connector to be provided)
Make	WIKA, SIEMENS, E&H, Emerson Process, ABB, <i>Honeywell</i>
