

Unbalanced motor operated
Vibrating feeder
(Suspension type)

Length of the trough - 1800 mm

Width of the trough - 900 mm

Material to be handled - Uranium Ore

Bulk density - 1.6 T/cu Mtr

Capacity - (225 - 250) TPH

Trough - 8 mm Killed Steel

Liner - 10 mm Sailma/Sailhard

Power Supply - 415V, 3 phase, 50 Hz AC

Motor kW - 2 x 1.67 kW

Inclination of feeder - 8° to 10° downslope
