

Annexure THERMOMETER, MT-4 MODEL

BEETECH MAKE , MT-4 MODEL, Non contact type thermometer:

Specifications:

Temperature Range:-40 to 550 deg fahrenheit )

Accuracy: +/- 2 deg c or 2%

Repeatability: 1% of reading or 1 deg cent

Response time: 500mSec, 95% response

spectral response: 8-14 um

emissivity: Pre-set 0.95,

Ambient operating range: 0 to 40 deg centigrade

Relative umidity 10-95% RH noncondensing @ upto 30 deg cent.

storage temperature: -20 to 60 deg cent

weight/dimensions: 162g, 160.5X114X46mm

power: 9V Alkaline or NiCd Battery

Battery life(Alkaline): Laser models: 12Hrs

Distance to spot size: 8:1

Make: BEETECH
